Independent Auditors' Report

Based on a report originally issued in Korean

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Group as of December 31, 2012 and 2011 and its financial performance and its cash flows for the years then ended in accordance with Korean International Financial Reporting Standards.

Without qualifying our opinion, we draw attention to the following:

The procedures and practices utilized in the Republic of Korea to audit such consolidated financial statements may differ from those generally accepted and applied in other countries. Accordingly, this report is for use by those knowledgeable about Korean auditing standards and their application in practice.

As discussed in note 2 (4) to the consolidated financial statements, the Group adopted the amendment to K-IFRS No. 1001, 'Presentation of Financial Statements' for the year ended December 31, 2012. The amendment requires operating profit (loss), which is calculated by revenue less: 1) cost of goods sold, and 2) selling, general and administrative expenses, to be separately presented on the statements of comprehensive income. The Group applied this change in accounting policies retrospectively, and accordingly restated the comparative information of the statement of comprehensive income for the year ended December 31, 2011.
