

1. Applications and Characteristics

- Construction (Additives/admixture)
- Excellent adhesion / Great the workability and admixture.

2. Properties of Product

Property	Unit	Value
Appearance	-	White Liquid
pH	-	9.0 - 11.0
Particle Size	nm	150
Viscosity @ 25°C *	cps	150
Glass Transition Temperature (Tg)	°C	5.0
Solid Content	%	50.0

* Viscosity : Brookfield Viscosity (Spindle #62 at 60 rpm)

3. Product Storage and Safety

- Before using, please read the MSDS of product for advice on safety and use.
